DESCRIPTION

Nestled on a private-treed cul-de-sac lot in the beautiful Mission Park neighborhood, this gorgeous 1.5 story home has so much to offer. The woodwork and soaring coffered wood ceiling in the towering family room will catch your breath upon entry. The cozy, double-sided fireplace is shared with a large eat-in kitchen with double ovens, gas cooktop, and formal dining room with built-in buffet. This is truly the perfect home to entertain your guests – or just enjoy being at home! Running out of room is not an option in this 4000sqft, walk-out floorplan. Aside from a lovely primary bedroom and bath suite on the main floor, there are 3 large bedrooms upstairs – one of which is perfectly suited as a huge bonus room! In the open finished basement, you will find a 5th bedroom, bath, and rec-room along with a wet bar and plenty of storage. The 2nd level and stairway have new carpeting, and paint has been freshened up throughout the home, so plan on moving right in!
